GREEN PRODUCT CATALOG

2009-2010 CATALOG

Bunzl Distribution focuses on sourcing and finding the packaging alternatives you need to support your green efforts. Whether it's our expertise and in-depth product knowledge, or our ability to consolidate the procurement and delivery of a broad range of non-food consumable products, Bunzl is your source.

www.bunzldistribution.com

How to Use This Catalog

- **Products are presented in a logical pattern for easy navigation**

- **Table of Contents** lists all the product groups
- **Product-Specific Index** sends you directly to its listing in the catalog
- **Vendor Numeric Index** shows where all that manufacturer's products are listed in the book and also shows our codes

Specific products are listed smallest to largest where applicable

Headers on every page
Frequent **Subheads** to keep like products together

Product images are alpha coded for easy identification

Descriptions provide general information, selling points, specific product usage and case packs

Our item numbers are printed in bold
Manufacturer numbers are printed in light italic

Two Modular Divisions
JS for Jan/San and FS for Food Service

Based in St. Louis, Missouri, Bunzl Distribution is the leading supplier of disposable packaging supplies, food packaging, cleaning and safety products to food processors, supermarkets, retailers, convenience stores and other users. "At Bunzl, we are continuing to look for ways to reduce the impact our products and activities have on the environment," stated Bunzl Distribution USA, Inc.'s President and CEO Patrick Larmon. "From educating customers on availability of recycling programs to sourcing "Green" products, we're constantly looking for ways to make a difference."

"This catalog has been developed to assist you in achieving your goals for environmental responsibility through the implementation of green practices," he added.

A fundamental part of Bunzl's offering to customers is our expertise and in-depth product knowledge, coupled with our ability to consolidate the procurement and delivery of a broad range of non-food consumable products. This service can cut the environmental impact by reducing the number of deliveries within the total supply chain, as well as decrease the number of invoices and payments. Bunzl's core service offering can help customers reduce fuel emissions, paper usage and other energy requirements. Further, a consolidated invoice allows better monitoring consumable usage and therefore can reduce duplication and waste.

What Is Green?

Green is an environmental term defined as “products or services that have a lesser or reduced effect on health and the environment when compared with competing products or services that serve the same purpose.”¹ Green is a comparative term. For instance, green cleaning products are effective at cleaning, but have a reduced negative impact on the environment when compared to non-green products.

Green cleaning can reduce your costs, since it reduces the non-renewable resources required to maintain a clean environment. This leaves more resources available for future generations, as well as lowering consumer health risks due to dangerous by-products that can be left behind when traditional cleaning products are used.

In short, green cleaning creates a safer, healthier environment for people, while lowering the risk of negative environmental impact.

Green Is More Than Clean

As a firm committed to environmental awareness and responsible (green) practices, Bunzl is cognizant of our actions and how they impact the environment around us. Our goal is to maximize your satisfaction with the services we provide, while constantly exploring ways to improve our performance.

We proactively search for ways to upgrade our business processes and procedures in order to reduce any harmful effects business activities may have on our planet. For example, Bunzl is committed to reducing our consumption of fossil fuels. This is being implemented by coordinating the delivery schedules from our strategically located facilities across the North American continent. Because we stock thousands of products from multiple manufacturers, you can order your inventory from multiple vendors through a single source. This allows you to receive more manageable quantities during expected delivery times.

More efficient, less frequent deliveries from multiple manufacturers offers the following benefits:

- Access to a larger inventory for improved customer service
- Reduced costs/management time required to handle inbound freight receipt and put-away
- Improved utilization of warehouse space and inventory levels
- Lowered labor and administrative costs
- Reduced fuel consumption required when deliveries are made
 - a) This leaves more fuel, a non-renewable resource, available for the future.
 - b) Reduced truck emissions into the atmosphere, slowing the greenhouse effect on the environment.

Bunzl also seeks out vendor partners who strive to improve their offerings while reducing their impact on the environment. For example, we look for those who use innovative solutions to implement green practices, such as:

- Reduction in shipping unit size and the amount of raw material used to produce their product and package (for example, by using Bag-In-A-Box for packaging liquid products)
- Using the CleanGredient™ database as a resource to create environmentally friendly products

At the branch level, Bunzl engages in recycling programs to help reduce the amount of waste that could end up in landfills while reducing the need for consuming raw materials, such as wood from trees in order to produce paper.

From offering products, information and support to help you establish green clean programs, to personally making corporate choices that reduce the negative environmental impact we have on our world, Bunzl's goal is to be your source for green products.

¹Ashkin, S. & Holly, D., *Green Cleaning for Dummies*, Wiley Publishing Inc., 2007, page 11

How Do I Get Started?

There are numerous resources to gain information on how to begin a green cleaning program. One well-written green cleaning guide is *Green Cleaning for Dummies* by Stephen Ashkin and David Holly (Wiley Publishing, Inc. 2007) available through the International Sanitary Supply Association (ISSA).

Briefly, to begin a green cleaning program, you will want to:

- a) Gain agreement among the key people within your organization who will have a stake in your program that the program is necessary. This includes establishing what the program is expected to accomplish.
- b) Examine your facility and determine its current condition as a starting baseline.
- c) Review your current facility cleaning practices, and see where changes can be made to reduce waste and exposure to potentially harmful chemicals, while at the same time increasing the efficiency of the cleaning process.
- d) Search for sources for chemicals, supplies and equipment that will allow you to move towards a greener state.
- e) Ensure that all involved members of your organization understand the purpose of the green cleaning program, how it will affect them and their role in helping to accomplish the program's goals.

Going green is not an all or nothing proposition, but a continuum of steps that can be implemented either one at a time, or in concert. These steps include:

Reducing Waste – This not only improves your bottom line, it helps the environment. For example, making sure your cleaning staff uses traditional cleaning products properly and in the proper amounts can move you towards a “greener” state. Implementing recycling programs can also improve your green state – it not only reduces the amount of waste you generate, but may even become another income source.

Changing Procedures – Shifting the emphasis on the cleaning process from speed to maintaining a healthy environment is an important part of a green cleaning program.

Staff Training – Managers must themselves understand best practices in order to achieve their green cleaning goals, and to communicate these practices to their staff. Bunzl can assist you with this. We have the knowledge, information and staff expertise to provide you with on-site instruction on how to properly use the products you purchase from us.

Certification – Like the green products being used, cleaning crews and housekeeping staff – even facilities themselves – can be awarded green clean certification by meeting specific standards established by third-party groups and following government guidelines.

Switching from Traditional Cleaning Products to Green Ones – This is one of the most important changes a cleaning crew can make. This can include switching to products made from recycled paper, no-VOC chemicals, high filtration vacuums, microfiber wipes and mops. These items work as well as traditional products, and Bunzl offers a wide selection of these and other green products in the catalog pages that follow.

To assist you with green product selection, products from our suppliers in our catalog that are certified green will have a green certification or label that identifies its certifications. For your convenience, we have provided a list of the certifying organizations in the back of our catalog.

People spend the vast majority of their time indoors, and the quality of the indoor environment impacts their health and well-being. The care we give to the indoor environment affects not only the people in that environment, but the facility itself. The more steps taken to ensure the environment is a healthy place to be, the cleaner the building and all its parts will be. This extra care will allow for the facility to last longer as an attractive, useful place to conduct business.

Bunzl can help you reach your green goals. For more information please review the products listed in our Green Product Catalog, or contact your Bunzl sales representative. We will be glad to answer any questions you might have.

Our Goal is to be your Total Solution Provider!

BUNZL GREEN INITIATIVE SUMMARY SHEET

Products

- Sorting through the manufacturers for true green products.
- Determining manufacturers who are sustainable in their operations.
- Assisting manufacturers in source reduction efforts.
- Encouraging and setting up recycling solutions for customers.
- Determining true green products.

Warehousing

- Reclaiming all cardboard and plastic waste and putting it into the recycling stream.
- Reduction of energy costs with state of the art lighting and motion detectors.
- Utilizing low operating cost, clean air electrical forklifts and pickers.

Transportation

- Constant routing reviews to ensure efficient trips and fuel consumption reduction.
- Consolidation of major suppliers lines on behalf of our customers for one stop shopping.
- Reduction of associated intangible costs (consolidated purchase orders, invoices, payments) for our customers.
- Consolidation and source reduction by dealing in truckload shipments from our suppliers into our facilities.

Environment

- Dealing in environmentally friendly products.
- Operating clean, low cost, efficient distribution centers.
- Reduction of our carbon footprint on the environment.
- Working with our manufacturers on source reduction efforts in packaging and their internal operations.

ECOLOGY-MINDED

Awareness of the environment and considering how to reduce Bunzl Distribution's impact on it, is not new for Bunzl, nor is it a passing phase. Our environmental programs have been in place for over five years and we continually review and seek to improve our performance in this area.

At Bunzl, we focus on sourcing and finding the packaging alternatives our customers need to support their green efforts. Whether it's foodservice packaging or green chemicals that have less of an impact on the environment, Bunzl is your source. These products fall into three major categories: 1) products that are recyclable; 2) products that are from manufacturers utilizing sustainable production practices; 3) products that are certified "green."

Corporately, the major environmental impacts we hope to effect include the management of waste, our use of energy and the consumption of fuel to transport products from vendor throughout our facilities to our customers.

Increasing our recycling and reducing waste to landfill is accomplished by a comprehensive program being instituted at several of our larger warehouses to recycle all plastic stretch film and pallet wrap on our incoming shipments. The material is reclaimed and then returned to our manufacturers.

With over 90 warehouses throughout North America, we have instituted energy efficiency measures across our network and have more energy-efficient fluorescent lights. These lights, combined with motion detectors to manage our energy use, have resulted in a 30% reduction in kilowatt hour usage.

Bunzl places a major focus on the efficient use of fuel by carefully managing our national fleet. We have implemented a vehicle tracking system that reduces engine idling time and fuel consumption. We have worked with our customers to develop a schedule of deliveries that serves not only their need for timely deliveries, but allows us to make deliveries in the most expedient, fuel-efficient way possible.

In addition a fundamental part of Bunzl's offering to our customers is our expertise and in-depth product knowledge, coupled with the ability to consolidate the procurement and delivery of a broad range of non-food consumable products. This service can cut the environmental impact by reducing the administrative time and materials associated with the number of deliveries within a company's total supply chain, as well as decrease the amount of invoices and payments.

Working with our customers and vendors to reduce our mutual impact on the environment is an important Bunzl business goal. Collectively, we can build a more sustainable future.

B. ECOTAINER™ HOT CUPS

INTERNATIONAL PAPER

Sourced from fully renewable resources, these cups use a corn-based plastic instead of a petrochemical as a moisture barrier. This new PLA-based coating also makes the cup compostable in municipal and commercial composting facilities. Combined with a smaller manufacturing energy requirement, the ecotainer™ packaging reduces our environmental impact while providing all the functionality of a standard cup. Your customers won't be able to tell a difference, but the environment will. Contains NatureWorks® PLA.

Smartlock®

Pactiv has developed a new line of "to-go" hinged lid containers that captures the latest innovations in hybrid materials. EarthChoice™ SmartLock® hinged lid containers are made from Talc-Filled Polypropylene which contains on average 40% less plastic polymers than standard polypropylene containers. This hybrid material is microwaveable up to 250°F and is ideal for your hot food take-out menu items. SmartLock® Closure System provides an audible "click" indicating a secure closure. Textured sidewalls provide secure handling. Stackable.

C. BIO-PLUS® EARTH FOOD CONTAINERS

FOLD-PAK

Made from 100% recycled paper using 35% or more post-consumer recycled paper. Bio-Plus Earth is processed chlorine-free and performs as well as our Bio-Pak product. It reduces the amount of packaging you use because it can hold any type of food from hot, cold, wet, or dry food products. Bio-Plus Earth is endorsed by the Green Restaurant Association, and the endorsement logo is printed on the bottom of every container.

D. CARRYOUT TRAY

GRAPHIC PACKAGING

Natural chipboard. Made from tan bending chip, a type of recycled sheet.

13403825 *20013525* 10¹/₂" x 10¹/₂" x 3³/₄" 200/cs.

E. NATURE FRIENDLY® TRAYS

NATURE FRIENDLY PRODUCTS

Nature Friendly Products' 100% biodegradable and compostable tableware provides consumers with an eco-friendly alternative to traditional disposables. Made from sugar cane bagasse-based renewable resources, they are completely compostable within 50-100 days in home and commercial composting facilities. Superior in strength and performance.

Non-toxic, hot/cold tolerant, oil and water resistant, microwave and freezer safe.

C6934006	<i>T009</i>	8 ¹ / ₂ " x 10 ¹ / ₂ ", 5-Compt.	500/cs.
C6934001	<i>T002</i>	9 ¹ / ₅ " x 6 ³ / ₅ "	500/cs.

F. NatureTRAYS™

SEALED AIR

A line of environmentally sensitive foam trays for use in the packaging of fresh beef, pork, poultry and fish. Created with NatureWorks® biopolymer, the NatureTRAY package is made entirely from an annually renewable resource, and delivers all of the benefits of traditional polystyrene foam trays. Available in a range of sizes for both supermarket and processor grade applications. Made from plants, a 100% annually renewable domestic resource. Compostable in industrial compost facilities, where available. Requires significantly less fossil fuel resources than traditional petroleum-based polystyrene it replaces. Processor trays have exceptional machinability to withstand the rigors of automated packaging operations.

A. NaturePAD™ ABSORBENT PADS

SEALED AIR

A line of environmentally sensitive absorbents for use in the packaging of fresh beef, pork, poultry and fish. NaturePAD absorbents deliver all the benefits of traditional absorbent pads but are made from renewable products that come from nature. Created with NatureWorks® biopolymer, NaturePAD absorbents are made entirely from plants, an annually renewable resource. Made from plants, a 100% annually renewable domestic resource. Maintains integrity and absorbency. Compostable in industrial compost facilities.

B. PRESSWARE® DUAL-OVENABLE TRAYS

PACTIV

Dual-ovenable paperboard trays can be used in microwave or conventional ovens at temperatures up to 400°F for up to 60 minutes. For hot and cold food applications. They can be stored in a freezer or refrigerator without cracking or denting, and are ideal for freezer to oven cooking applications. There are two closure options; clear OPS dome lids or peelable film (plastic dome lids are not to be used in microwave or conventional ovens).

75003896 75003896 19" x 5000', Clear 1/Roll

PAN LINER

F. ECO-BAKE PAN LINER

BAGCRAFT

Comparable to a silicone grease-proof baking sheet but without the chromium. It is manufactured from chlorine-free pulp and approved for standard waste disposal. The liners have excellent heat retention for baking of high moisture items and can be used at

temperatures up to 425°F. Chlorine-free pulp, printed, 100% recycled.

16400180 030010 16 3/8" x 24 3/8", Medium Temperature 1000/cs.

All Purpose Cleaners & Degreasers

ALL PURPOSE CLEANERS & DEGREASERS

A. ENVIRO PATROL OXIDE² CARROLL

Multi-surface cleaner, deodorizer and stain remover. Fortified with hydrogen peroxide. Couples and organic solvent derived from orange and citrus peels with hydrogen peroxide, creating a cleaning solution with unequalled ability to dissolve and emulsify soils of all types. Absolutely superior cleaning ability without the use of a petroleum solvent or glycol ethers (butyl cellosolve). It penetrates and emulsifies for easy removal of oils and soils from any washable surface. The hydrogen peroxide cleans stains and takes odor away - safely and instantly. Dilutes at 2 oz./gal. (1:64) for most applications. Cold water effective.

30010196 19623 1 qt. RTU, Low Human Toxicity 12/cs.
30010197 19628 1 gal., Low Human Toxicity 4/cs.

B. ENVIRO PATROL HEAVY-DUTY CLEANER CARROLL

A high performance, extra strength heavy-duty cleaner and degreaser for the toughest of cleaning jobs, from the kitchen to the industrial plant. Replaces conventional kitchen and industrial cleaner/degreasers with an effective environmentally preferable alternative. Quickly removes petroleum-based soils including motor oil, lithium grease, lubricant oils, hydraulic fluid and stamping oil. Use for spray-on/wipe-off cleaning, mop and bucket, automatic scrubbing, pressure washer, or manual cleaning procedures. Dilutes at 1 oz./gal. (1:128) for most applications. This product has been 3rd Party Certified by Green Seal[®] according to GS-37 Environmental Standard and is recognized by the U.S. Environmental Protection Agency Design for the Environment (DfE) Formulator Initiative for its improved environmental and human health characteristics. Cold water effective.

30011982 19828 1 gal., Green Seal[®] (DfE) 4/cs.

C. ENVIRO PATROL MULTI-PURPOSE CLEANER CARROLL

Use as a high performance multi-surface cleaner, daily non-alkaline floor cleaner, scrub/recoat detergent, window cleaner, washroom cleaner, odor neutralizer, tile/grout cleaner and brightener, and carpet care product. Dilutes at 1 oz./gal. (1:128) for most applications. This product has been 3rd Party Certified by Green Seal[®] according to GS-37 Environmental Standard and is recognized by the U.S. Environmental Protection Agency Design for the Environment (DfE) Formulator Initiative for its improved environmental and human health characteristics. Cold water effective.

30018528 18528 1 gal., Green Seal[®] (DfE) 4/cs.

D. ENVIRO PATROL GLASS & SURFACE CLEANER CARROLL

Use as a high performance glass and utility cleaner. It can be used as a spray and wipe glass cleaner or with a sponge and squeegee. Leaves no residues. Helps prevent resoiling. Use on Plexiglas[®], windows, windshields, walls, countertops, cabinets, partitions, light fixtures, stainless steel, chrome, plastic, vinyl and other hard surfaces not harmed by water. Dilutes at 1 oz./gal. (1:128) for most applications. This product has been 3rd Party Certified by Green Seal[®] according to GS-37 Environmental Standard. Cold water effective.

30018228 18228 1 gal. Green Seal[®] 4/cs.

E. GREEN WORKS[™] NATURAL ALL PURPOSE CLEANER CLOROX

From the kitchen to the bathroom, our natural all purpose cleaner cuts grease, grime and dirt as well as traditional cleaners. But because it's made from plants and minerals it leaves no harsh chemical fumes or residue. Performs as well as the leading conventional cleaner. Safe on counters, appliances, stainless steel, sealed granite, chrome, cook top hoods, sinks and toilets. Ready-to-use formula.

38380456 00456 32 oz. 12/cs.
38380457 00457 64 oz., Refill 6/cs.

F. GREEN WORKS[™] NATURAL DILUTABLE CLEANER CLOROX

Works on grease, grime and dirt. Is safe on multiple surfaces throughout the kitchen and bathroom, including non-wood floors, counters, sinks, stoves, garbage cans and toilets. Performs as well or better than the leading conventional cleaners. Dilutable formula (concentrate).

38380458 00458 32 oz. 6/cs.

All Purpose Cleaners & Degreasers

A. MURPHY® OIL SOAP COLGATE-PALMOLIVE

Economical, natural cleaner is ideal for mopping wood floors, paneling and other large wood surfaces. Naturally cleans finished and hard surfaces. EPA DfE approved formula.

11901101	01101	16 oz.	12/cs.
11902106	01106	32 oz., Concentrate	32 oz.
11900103	01103	1 gal.	4/cs.

B. AJAX® SCOURING CREAM CLEANER COLGATE-PALMOLIVE

No harsh abrasives. Fresh lemon scent. Perfect for modern surfaces; polishes and destains to keep surfaces looking new. Especially effective on vertical surfaces.

11901170	04941	24.5 oz.	9/cs.
----------	-------	----------	-------

C. FABULOSO® ALL PURPOSE CLEANER COLGATE-PALMOLIVE

Cleans and leaves a long-lasting fresh scent. Effective for a wide variety of cleaning applications. Advanced technology formula penetrates deep into surface to capture grease and soils. Neutral pH makes product safe for people and surfaces. No alkaline builder to leave a residue. No-rinsing step needed in floor cleaning applications. All cleaning agents are biodegradable. Bilingual labeling.

11904307	04307	1 gal., Lavender	4/cs.
11904373	04373	1 gal., Ocean Cool	4/cs.

D. FREEFALL® GENERAL PURPOSE CLEANER JOHNSON DIVERSEY

Ideal for general cleaning and light degreasing on all surfaces and floors. Low foaming. Pleasant fresh citrus fragrance. Dilution Rates: Floor - 1:64 yields 65.0 gallons, Scrub & Recoat - 1:16 yields 17 gallons, Spray & Wipe Heavy - 1:8 yields 9 gallons, Spray & Wipe Normal - 1:16 yields 17 gallons.

15205801	6103100	1 gal., Practical Solutions™	2/cs.
----------	---------	------------------------------	-------

E. ALL-IN-ONE H2O2 CLEANER JOHNSON DIVERSEY

Accelerated™ Hydrogen Peroxide patented formula cleans and brightens surfaces. Formulated for use on glass, mirrors, porcelain, stainless steel, ceramic tile, carpet spotting and more. Concentrated formula can be diluted for use as a spray (two labeled trigger spray bottles incl.) or with mops and sponges.

15207681	3737681	1.5 lt., RTD™, Green Seal®	2/cs.
----------	---------	----------------------------	-------

F. ALPHA-HP™ MULTI-SURFACE CLEANER JOHNSON DIVERSEY

An all-in-one, environmentally friendly multi-surface cleaner that cleans and brightens surfaces safely and easily. All products Green Seal® Certified except for wipes.

15201755	3350727	1.5 lt., RTD™, Green Seal®	2/cs.
----------	---------	----------------------------	-------

G. SIMPLE GREEN® ALL PURPOSE CLEANER/DEGREASER SIMPLE GREEN

Versatile all purpose cleaner is non-toxic and biodegradable, without harmful bleach or ammonia. Because it is a concentrate, you can use Simple Green full strength or add water to clean just about anything.

73433016	13006	5 gal.	1/ea.
----------	-------	--------	-------

H. SIMPLE GREEN® CLEAN BUILDING™ ALL PURPOSE CLEANER CONCENTRATE SIMPLE GREEN

Formulated for cleaning all water-safe hard surfaces. Concentrate offers economical dilution, and with no fragrance or volatile organic ingredients, it doesn't adversely impact indoor air quality. Green color makes it easily identified when diluted into secondary containers. Non-toxic, biodegradable, non-caustic, and non-flammable. Makes 65 gallons of ready-to-use cleaner.

73431001	11001	1 gal., Green Seal®	2/cs.
----------	-------	---------------------	-------

All Purpose Cleaners & Degreasers/Glass Cleaners

A. CRYSTAL SIMPLE GREEN® INDUSTRIAL STRENGTH CLEANER/DEGREASER SIMPLE GREEN

Safe, effective and powerful all purpose cleaner/degreaser for critical cleaning applications that demand a fragrance-free solution. Non-toxic, non-abrasive and no caustic fumes. Exempt from OSHA and EPA special handling and personal protection requirements. Approved for use in federally inspected meat and poultry plants, and meets Montreal Protocol Guidelines and FDA requirements for cleaning cosmetics, medical and pharmaceutical environments. Excellent for use in parts washers, pressure washers, floor scrubbers and other mechanized applicators.

73439128 19128 1 gal. 6/cs.

B. Z-VERDANT RTU CLEANER ZEP

Environmentally preferred, easy-to-use cleaner for use on multiple surfaces and tough soils. May be used on any surface not harmed by water. Easily breaks down common soils making it an excellent everyday cleaner. Contains no harmful solvents or harsh chemicals.

75070100 R06901 1 qt. 12/cs.
75070101 R06935 5 gal. 1/ea.

C. VOC COMPLIANT SOLVENT DEGREASER ZEP

Environmentally preferred, solvent-based degreaser with d-limonene for use where a water-free formula is preferred. Meets all CA-CARB and OTC requirements.

75070113 R07824 1 gal. 4/cs.
75070114 R07835 5 gal. 1/ea.

GLASS CLEANERS

D. GREEN WORKS™ NATURAL GLASS & SURFACE CLEANER CLOROX

Clean without leaving anything behind; like harsh chemical fumes or residue. Our natural glass and surface cleaner is the natural way to get a streak-free clean. The plant and mineral-based ingredients work as well as traditional cleaners to cut through filmy residue.

Safe on glass, mirrors, appliances, stainless steel and sealed granite.

38380459 00459 32 oz. 12/cs.
38380460 00460 64 oz., Refill 6/cs.

E. AJAX EXPERT® GLASS & MULTI-SURFACE CLEANER COLGATE-PALMOLIVE

Powerful ready-to-use formula requires no mixing and is convenient to use. Dual solvent system cuts through film and grease fast. Contains ammonia for extra cleaning power. Flash dries quickly without streaking or filming. Use on glass, countertops, mirrors and other hard washable surfaces. Contains biodegradable surfactants. Bilingual labeling. Ready-to-use bottles include trigger sprayers.

11901320 04195 1 gal., Concentrate 4/cs.

F. GLANCE™ GLASS & MULTI-SURFACE CLEANER JOHNSON DIVERSEY

Non-streaking, non-smearing, quick drying formula. Cleans and shines glass, mirrors, sinks, countertops, stainless steel and many other washable surfaces.

15201936 3063402 1.5 lt., RTD™, 1:40 2/cs.

G. RAMSEY SKY LIGHT® NA GLASS & MULTI-SURFACE CLEANER JOHNSON DIVERSEY

Streak-free, fast wipe out, for glass and other hard surfaces. Cleans away dirt, fingerprints, smudges and more without filming. Great for spray-and-wipe or squeegee cleaning. For use in Practical Solutions dispensers #0004780 one button and #0004779 four button.

15205804 4170429 1 gal., RTU 2/cs.

Glass Cleaner/Dishwash/Disinfectants/Restroom

A. SIMPLE GREEN® CLEAN BUILDING™ GLASS CLEANER CONCENTRATE SIMPLE GREEN

Specifically for streak and smear-free cleaning of glass and other reflective surfaces. Concentrate offers economical use dilution, with no added fragrance or volatile organic ingredients that can adversely impact indoor air quality. Also safe to use on plastics. Non-toxic, biodegradable, non-caustic, and non-flammable formulation. Makes 31 gallons of ready-to-use cleaner.

73431201 11201 1 gal. 2/cs.

HAND LIQUID DISHWASH

B. PALMOLIVE® PLUS DISHWASHING LIQUID COLGATE-PALMOLIVE

Cuts through stubborn grease. Rich, thick formula removes dried-on, cooked-on food. pH balanced. Long-lasting performance makes it an economical choice.

11901702 01410 3.75 oz., Green 72/cs.
11901640 04910 1 gal., Green 4/cs.
11901660 04911 5 gal., Green 1/ea.

C. ULTRA PALMOLIVE® DISHWASHING LIQUID FOR POTS & PANS COLGATE-PALMOLIVE

Highly concentrated formula tackles the toughest foodservice dishwashing tasks. Ideal for use as a presoak. Great as a general all purpose cleaner, its grease-cutting ability makes it perfect for cleaning tables, countertops, windows, mirrors and more. Ocean Breeze scent.

11900056 40043 1 gal. 4/cs.

LIQUID DISINFECTANTS

D. FREQUENCY 256® NEUTRAL DISINFECTANT CLEANER JOHNSON DIVERSEY

EPA registered, dual quaternary hospital grade disinfectant cleaner and deodorizer. Bactericidal, fungicidal, mildewstat and virucidal. Effective against Hepatitis B (HBV), Hepatitis C (HCV), HIV-1 and a wide range of other organisms. Meets OSHA guidelines for use on bloodborne pathogens. Neutral pH will not dull floor finish.

15205806 4207691 1 gal., Practical Solutions™ 2/cs.

E. BROAD SPECTRUM DISINFECTANT CLEANER ZEP

Environmentally preferred, ready-to-use germicidal cleaner and deodorant. Effective on mold and mildew. Conforms to CDC blood borne pathogen procedures for environmental services. Kills Parvo, Tuberculosis, HIV 1, MRSA, and Staph.

75070031 R02301 1 qt. 12/cs.
75070032 R02324 1 gal. 4/cs.

RESTROOM CLEANERS

F. ENVIRO PATROL RESTROOM CLEANER CARROLL

Use as a high performance washroom general purpose cleaner. Concentrated cleaner for removal of soap scum, mildew, lime, water scale and rust deposits on porcelain, tile, ceramic tile and fiberglass surfaces. Safe for daily use on painted surfaces, porcelain, porcelain enamel, aluminum or stainless steel without etching or damaging them. Dilutes at 1 oz./gal. (1:128) for most applications. This product has been 3rd party Certified by Green Seal® according to GS-40 Environmental Standard. Cold water effective.

30014402 44028 1 gal., Green Seal® 4/cs.

G. GREEN WORKS™ NATURAL BATHROOM CLEANER CLOROX

A clean bathroom no longer has to equal harsh chemical fumes. The plant and mineral-based ingredients cut through soap scum, hard water and rust, leaving bathrooms naturally clean. Safe on bathroom counters, sinks, tub, tiles and shower doors.

38380452 00452 24 oz. 12/cs.

Restroom Cleaners/Deodorant/Floor Care

A. GREEN WORKS™ NATURAL TOILET BOWL CLEANER CLOROX

Works on tough stains, rust, mineral deposits and hard water. Angled neck design makes cleaning under the rim easier. Since it's made with plant and mineral-based ingredients, it's better for the environment. No bleach or phosphorous.

38380451 00451 24 oz. 12/cs.

B. CREW™ BATHROOM CLEANER & SCALE REMOVER JOHNSON DIVERSEY

Cleans and deodorizes toilet bowls, urinals, sinks, faucets, walls, countertops and other bathroom surfaces in one easy step. Pleasant fragrance. EPA registered.

15205310 3145310 1.5 lt., RTD™ 2/cs.

C. HEAVY-DUTY BATHROOM CLEANER JOHNSON DIVERSEY

For use in restrooms. Ready-To-Dose means that there is no exposure to chemicals.

15205802 3299802 1.5 lt., RTD™ 2/cs.

D. SIMPLE GREEN® CLEAN BUILDING™ BATHROOM CLEANER CONCENTRATE SIMPLE GREEN

Specifically formulated for cleaning scale and scum types of soils typically found on hard bathroom surfaces. Pink color makes it easily identified when diluted into secondary containers. Safe to use on washable hard surfaces such as ceramic, glazed tile, Corian®, Formica®, grout, faucets and fixtures, porcelain, and cured fiberglass. Non-toxic, biodegradable, non-caustic, and non-flammable. Makes 21 gallons of ready-to-use cleaner.

73431101 11101 1 gal., Green Seal® 2/cs.

E. NON-ACID DEODORIZING TOILET BOWL CLEANER ZEP

Environmentally preferred, non-acidic cleaner and deodorizer, removes scale, stains, and scum. Use on toilet bowls, tiles, sinks, showers, and bathroom fixtures.

75070006 R00301 1 qt. 12/cs.

F. BIOLOGICAL DRAIN MAINTAINER ZEP

Environmentally preferred drain maintenance product powered by enzymatic activity. Safe for use in septic systems to keep drains free flowing. A biological solution for safe, routine maintenance.

75070036 R02635 5 gal. 1/ea.

LIQUID DEODORANT

G. Z-FRESH ODOR NEUTRALIZER ZEP

Environmentally preferred, highly effective odor neutralizer. Chemically eliminates the source of odors and replaces them with a pleasant clean fragrance.

75070022 R01601 1 qt., Breeze 12/cs.

75070025 R01901 1 qt., Potpourri 12/cs.

75070026 R02001 1 qt., Subdue 12/cs.

FLOOR CARE

H. ENVIRO PATROL NEUTRAL CLEANER CARROLL

Use as a highly efficient multi-use cleaner for floors, walls, woodwork and other washable surfaces where a neutral pH range is desirable. Quickly removes soil without dulling, damaging, etching, or harming floor finishes even when used for daily applications. Dilutes at 1 oz./gal. (1:128) for most applications. This product has been 3rd Party Certified by Green Seal® according to GS-37 Environmental Standard and is recognized by the U.S. Environmental Protection Agency Design for the Environment (DfE) Formulator Initiative for its improved environmental and human health characteristics. Cold water effective.

30011272 12728 1 gal., Green Seal® (DfE) 4/cs.

I. REFLECTA® NEUTRAL FLOOR CLEANER JOHNSON DIVERSEY

A concentrated pH 7 neutral daily floor cleaner, that cleans the floor without dulling the shine. Reflecta® requires no rinsing, removes damaging soils, and prevents finish discoloration. Low foaming. Fresh citrus fragrance. Dilution rates: Auto Scrubber Daily - 1:128 yields 129 gallons, Mop & Bucket Normal - 1:64 yields 65 gallons, Mop & Bucket Heavy - 1:32 yields 33 gallons.

15205800 6322100 1 gal., Practical Solutions™ 2/cs.

Floor Care

A. STRIDE™ CITRUS NEUTRAL FLOOR CLEANER JOHNSON DIVERSEY

Labor saving, non-dulling neutral cleaner for everyday rinse-free cleaning. Pleasant to work with citrus fragrance. Available in a variety of formula concentrations and package sizes. Environmentally preferred product.

15203390 3063390 5 lt., RTD™, 1:256 2/cs.

B. BROAD SPECTRUM DISINFECTANT FLOOR CLEANER ZEP

Environmentally preferred neutral floor and hard surface cleaner disinfects floors and hard surfaces. Hospital grade disinfectant eliminates bacteria, fungi and viruses including HIV, MRSA, and Staph.

75070027 R02124 1 gal. 4/cs.
75070028 R02135 5 gal. 1/ea.

C. Z-VERDANT ALL PURPOSE CLEANER ZEP

Environmentally preferred, concentrated, all purpose cleaner. May be used on any surface not harmed by water. Effective on a variety of soils such as wax buildup, fingerprints, and black marks on floors. May be used for most daily cleaning and maintenance operations.

Contains no harmful solvents or harsh chemicals.

75070133 R08924 1 gal., Concentrate 4/cs.
75070134 R08935 5 gal., Concentrate 1/ea.

D. Z-VERDANT AUTO SCRUBBER SOLUTION ZEP

Environmentally preferred auto scrubber concentrate. Removes oil, grease, and dirt from floors and most other washable surfaces. Biodegradable, no petroleum, solvents or caustics.

75070129 R08724 1 gal. 4/cs.
75070130 R08735 5 gal. 1/ea.

E. ENVIRO PATROL WAX & FINISH REMOVER CARROLL

When used as directed, this product is high performance, ultra low odor, non-toxic, non-corrosive, butyl-free, ammonia-free wax and finish remover. Specially designed to remove conventional zinc crosslinked finishes as well as environmentally preferable zinc-free floor finishes like Enviro Patrol Metal Free Floor Finish. A highly concentrated rapid response stripper that dissolves multiple coats of finish without the unpleasant odor associated with conventional strippers. Rinses quickly without leaving residual alkali to interfere with finish application. Dilute 1 part to 6 parts of cold water for most applications. This product has been 3rd party Certified by Green Seal® according to GS-40 Environmental Standard and is recognized by the U.S. Environmental Protection Agency Design for the Environment (DfE) Formulator Initiative. Cold water effective.

30011276 35028 1 gal., AE, Green Seal® (DfE) 4/cs.
30011274 35019 5 gal., Green Seal® (DfE) 1/cs.

F. FREEDOM™ SPEED STRIPPER JOHNSON DIVERSEY

Saves up to one-half the time and labor vs. ordinary stripping procedures. No machine, stripping pads, neutralizers, or multiple rinses. Use with a machine for those problem build-ups. Non-ammoniated, solvenated and pleasantly scented.

15206424 3685931 1.5 lt., RTD™ 2/cs.

G. ENVIRO PATROL METAL-FREE FLOOR FINISH CARROLL

This product is designed with the newest in environmentally preferable metal-free polymer technology for sealing and finishing all types of resilient flooring. It contains NO zinc, phthalates or alkyl phenol ethoxylates to harm the environment or interfere with industrial wastewater treatment processes. This state of the art finish has exceptional gloss, durability, soil resistance, detergent resistance, recoatability, removability, and slip resistance. This product is a combination sealer and finish that dries to a smooth, hard, clear and colorless coating in about 30 minutes under normal conditions. This finish is versatile and can be maintained using traditional maintenance procedures including scrub/recoat or high speed burnishing. This product has been 3rd party Certified by Green Seal® according to GS-40 Environmental Standard and is recognized by the U.S. Environmental Protection Agency Design for the Environment (DfE) Formulator Initiative. Cold water effective.

30016728 66728 1 gal., AE, Green Seal® (DfE), Metal-Free 4/cs.
30010667 66719 5 gal., AE, Green Seal® (DfE), Metal-Free 1/ea.
30011275 66719 5 gal., AE, Green Seal® (DfE), Enviro Patrol 1/cs.

Floor Care/Carpet Care/Automotive

A. Z-TREAD BURNISH RESTORER ZEP

Environmentally preferred, concentrated, floor gloss restorer cleans and prepares floor for burnishing in one easy step. Eliminates need for frequent stripping and refinishing.
75070058 R03835 5 gal. 1/ea.

CARPET CARE

B. STEAMETTE® HEAVY-DUTY EXTRACTION CLEANER JOHNSON DIVERSEY

Ultra-concentrated, phosphate-free formula quickly removes tough carpet soils. One gallon makes 321 gallons. Powerful combination of detergents cleans the carpet with one pass, reducing labor costs. Use on commercial, residential and 100% wool carpets. Dilution rates: Extraction - 1:320 yields 321 gallons, Pre-Spray - 1:128 yields 129 gallons.
15205805 6075100 1 gal., Practical Solutions™ 2/cs.

C. SIMPLE GREEN® CLEAN BUILDING™ CARPET CLEANER CONCENTRATE SIMPLE GREEN

Formulated especially for cleaning carpets and rugs. Green Seal® Certified and also CRI Certified. Carpet warranties that call for the use of only CRI-approved products will not be jeopardized. No added fragrance or volatile organic ingredients. Non-toxic, biodegradable, non-caustic, and non-flammable. Makes 22 gal. of ready-to-use cleaner.
73431301 11301 1 gal., Green Seal® 2/cs.

D. HIGH FOAM CARPET SHAMPOO ZEP

Environmentally preferred carpet shampoo designed for deep cleaning. "Dry" foam allows for rapid drying and a quicker return to use. Inhibits surface resoiling and leaves behind a fresh fragrance. Safe on stain-resistant treated carpets.
75070015 R01124 1 gal. 4/cs.
75070016 R01135 5 gal. 1/ea.

E. LEMONGRASS CARPET EXTRACTION SOLUTION ZEP

Environmentally preferred carpet cleaner with light lemongrass fragrance. Designed for hot water extraction or bonnet method carpet cleaning. Safe on stain-resistant treated carpets. Friable surfactants dry to a powder which are easily vacuumed up leaving no residue behind.
75070009 R00624 1 gal., Concentrate 4/cs.
75070010 R00635 5 gal., Concentrate 1/ea.

F. BIOENZYMATIC CARPET SPOTTER ZEP

Environmentally preferred, biologically-based carpet spotter removes tough stains from carpets through combined detergent and enzymatic action.
75070014 R01001 1 qt. 12/cs.

AUTOMOTIVE

G. FOAMING VEHICLE SHAMPOO ZEP

Environmentally preferred, ultra-concentrated liquid detergent formulated for friction car and truck washing facilities. Excellent for removing road film, dirt and salt deposits. Won't harm wax finishes.
75070118 R08124 1 gal. 4/cs.
75070119 R08135 5 gal. 1/ea.

C. TORK® UNIVERSAL KITCHEN ROLL TOWELS SCA TISSUE

High bulk, two-ply construction maximizes absorbency for superior spill holding power using fewer towels. Super strong soft towels hold together even on tough jobs. Ideal for cleaning and wiping all surfaces. Standard count gives you twice the toweling. Reduces replacement time, helps eliminate run-out, and saves storage and delivery costs. Made from 100% recycled fiber and meets the EPA compliant (minimum 90% Post-Consumer Content) providing environmental benefits, and a positive image. Replaces HK1975E. Environmental Choice EcoLogo™ Certified.

14101975 *HK1975A* 210 ct., 9" x 11", Natural, 2-Ply, Green Seal® 12/cs.

CENTERFEED PAPER TOWELS

D. TORK® CENTERFEED TOWELS SCA TISSUE

Tork centerfeed towels deliver one-at-a-time service and reduce waste. High capacity reduces labor and few or no moving parts means nothing to jam or break. High absorbency means that less towels are used. Touch only dispensing towel reduces cross-contamination. Made from 100% recycled fiber, providing environmental benefits. Environmental Choice EcoLogo™ Certified. 2⁹/₁₀" core dia.

Tork® Advanced Mini - White

MICROFIBER CLEANING TOOLS

B. WYPALL® MICROFIBER CLOTHS KIMBERLY-CLARK

Microfiber cloths with Microban® protection are durable, remarkably absorbent, and environmentally friendly. No chemicals needed. Cleans virtually any surface; wet, dry, or damp. Absorbs eight times its weight in liquid. Can be laundered 300 times. Color-coding helps reduce cross-contamination.

15403620	<i>83620</i>	15 ³ / ₄ " x 15 ³ / ₄ ", Blue	24/cs.
15403630	<i>83630</i>	15 ³ / ₄ " x 15 ³ / ₄ ", Green	24/cs.
15403980	<i>83980</i>	15 ³ / ₄ " x 15 ³ / ₄ ", Red	24/cs.
15403610	<i>83610</i>	15 ³ / ₄ " x 15 ³ / ₄ ", Yellow	24/cs.

C. GLASSIC™ MICROFIBER CLOTHS CCP

Ideal for cleaning soap, grease, or finger prints from windows, mirrors, and metal surfaces. Leaves a streak-free finish. Can be laundered five times more than 100% cotton towels.

27600228	<i>E222022</i>	10" x 7", Green, Mitt	12/cs.
27602222	<i>E222000</i>	12" x 12", Green, Cloth	12/cs.

D. SUPREMO™ MICROFIBER CLOTHS CCP

All purpose cleaning cloth. Great for dusting and cleaning all types of surfaces.

27602210	<i>E221000</i>	12" x 12", Blue	12/cs.
27602211	<i>E220000</i>	12" x 12", Green	12/cs.

E. MICROFLEX™ DUSTER & REFILLS CCP

Flexible, thin foam frame allows for effective cleaning in tight, hard-to-reach areas. Frame accepts a hand held handle or either one of our Pro Flat mop handles for high area cleaning. Microfiber refill for durability and long product life. Simply rinse away dirt with water after every use. Duster refills available separately.

27602907	<i>E224100</i>	2" x 22", Refills	3/ea.
27606025	<i>E224000</i>	2" x 27", Complete	1/ea.

F. ERGOWORX™ TOUCHLESS MICROTEK CLEANING SYSTEM CCP

Designed to fit all the most popular plastic janitorial carts made, including those manufactured by Continental (old and new styles), RCP, Impact/White, Akro-Mils and most Chinese imports. Also designed to fit all the most popular stainless steel janitorial carts made, including those manufactured by Geerpres® and Royce-Rolls. The ErgoWorx™ Solution and Discharge buckets are made from Derma-Tek™, non-porous plastic so they are easy to clean and help maintain a professional appearance. The Auto-Discharge mop frame is made from durable glass-filled nylon. Non-ferrous, so it is safe for use in areas with MRI equipment and will not rust or corrode. The patented Auto-Discharge Mop Frame eliminates the need to touch the soiled/contaminated Microfiber mop head, preventing cross-contamination. System includes: (1) solution bucket w/perforated screen, (1) discharge bucket w/aluminum discharge rod and (1) auto-discharge microfiber mop frame. The Microfiber Trolley can be added to the SYS-5 to create a mobile cleaning system that is both compact and efficient. The 3" non-marking, all swivel casters provide finger touch mobility, ideal for tight hallways and small rooms. The MFT-5 is designed to accommodate common cleaning tools including a wet floor sign, microflex duster, wipers and RTU trigger sprayer bottles. Safe for use in areas with MRI equipment and will not rust or corrode.

27602997	<i>C104026</i>	5" x 26", Red	10/cs.

Super Pro Finish Mop Microfiber Refill

Microfiber finish flat mop is looped end and constructed of high wet modulus rayon blend yarn that provides quick, controlled liquid release. The finish flat mop will cover a 20" wide swath. Unlike conventional finish mops, 100% of the floor finish goes onto the floor along with full contact of the refill to the surface allowing better productivity and less chemical wasted in the mop. Should be rinsed after every use.

27602980	<i>C106020</i>	5" x 20", Light Blue	6/cs.
-----------------	----------------	----------------------	-------

The Aggressor™ Microfiber Scrubbing Refill

Innovative combination of microfiber yarn and synthetic stiff brush fibers. Designed to remove debris stuck to the floor that normal "yarn only" microfiber flat mops cannot.

276001261	<i>C109020</i>	5" x 20", Blue/White	1/ea.
27600126	<i>C109020</i>	5" x 20", Blue/White	10/cs.

B. MICROFIBER PRO™ FLAT MOP HANDLE CCP

Made of lightweight, long-lasting aluminum that will not rust or corrode. Twist lock mechanism allows extendable handle to adjust from 39" to 60"

276071401	<i>C714000</i>	39" to 60"	1/ea.
27607140	<i>C714000</i>	39" to 60"	10/cs.

C. MICROFIBER PRO II™ FLAT MOP FRAMES CCP

Lightweight design allows for dramatic improvements in labor productivity. Trapezoid head effectively cleans corners and edges. 360 degree swivel attachment for maneuvering in tight areas. Handle locking clip to secure handle to frame connector. Designed to complement our line of microfiber refills.

276071701	<i>C717018</i>	4 3/4" x 18", Blue/Silver	1/ea.
276071711	<i>C717024</i>	4 3/4" x 26", Blue/Silver	1/ea.
27607171	<i>C717024</i>	4 3/4" x 26", Blue/Silver	10/cs.

WET MOPPING

D. ROUGH RIDER™ CUT-END MOP HEAD CCP

Very absorbent strands make this mop great for foodservice and other general maintenance uses. Stands up to any floor surface including stone and concrete.

27602213	<i>A4221306U</i>	1 1/4" Headband, Large	12/cs.
-----------------	------------------	------------------------	--------

E. WAVEBRAKE® MOP BUCKET RUBBERMAID

The WaveBrake® mop bucket and wringer system reduces splashing, which means a safer environment, cleaner floors, and improved productivity.

177075661	<i>757088BLUE</i>	35 qt., Blue	1/ea.
------------------	-------------------	--------------	-------

F. WAVEBRAKE® SIDE PRESS COMBOS RUBBERMAID

The WaveBrake® mop bucket and wringer system reduces splashing, which means a safer environment, cleaner floors and improved productivity. High efficiency side press wringer. Lasts 58 times longer than comparative wringers. Tested to exceed 50,000 wringing cycles, average wringers perform approximately 860 cycles. Premium tubular steel and structural web molded plastic.

17707602	<i>758888BLUE</i>	35 qt., Blue	1/ea.
17707589	<i>7588BLUE</i>	35 qt., Blue	1/ea.

Compostable Liners/Recycling Containers

COMPOSTABLE LINERS

A. COMP-LETE™ COMPOSTABLE BAGS FORTUNE PLASTICS

Offer superior strength and compostability. BPI's "Compostable Logo" is awarded to products that meet ASTM D6400, assuring end users and composters that the bags will biodegrade swiftly and safely during municipal, commercial, or household composting. Will not leave plastic residues in the finished compost. Made from MATER BI™ material. Ideal for collecting food scraps and yard trimmings for composting. Replacing non-degradable trash bags with compostable ones helps composters reduce processing, separation, and disposal costs while keeping consumers collection bins clean, which encourages participation.

13800092	<i>BIO3980R</i>	33 gal., 30" x 39", Natural, .80 MIL	250/cs.
13800088	<i>BIO4685R</i>	40-45 gal., 40" x 46", Natural, .85 MIL	200/cs.

B. BIOTUF™ COMPOSTABLE BAGS - LIGHT GREEN HERITAGE BAG

Tough on trash, easy on the environment. Superior strength designed for pre- and post-consumer food waste diversion programs. Excellent puncture and tear resistance. Proven lifting strength and load capacity. Odor control, dissipates moisture. 100% biodegradable and compostable. Photodegrades if left by roadside. 100% ASTM D6400 Certified degradable, 100% compostable.

38996649	<i>Y6039SER01</i>	30 gal., 30" x 39", Super Heavy, 1.2 MIL	5/25/cs.

MATTING

C. CLEAN STEP SCRAPER MATTING MILLENNIUM MAT

All-rubber mat ideal for any outside entryway. The superior molded tread aggressively scrapes shoes clean of dirt and grime and traps it into the base of the mat. Available in black only. Certified slip-resistant by the National Floor Safety Institute.

C5440150	14030500	3' x 5', Black	1/ea.
C5440151	14040600	4' x 6', Black	1/ea.

D. ECOGUARD® INDOOR MATTING MILLENNIUM MAT

Made from 99% recycled material, EcoGuard is the most eco-friendly and ecologically responsible mat ever. Carpeted surface is made from 100% post-consumer PET plastic bottles. The all-rubber backing is made from used tires, preventing landfill waste.

C5440200	EG020304	2' x 3', Charcoal	1/ea.
C5440201	EG030504	3' x 5', Charcoal	1/ea.
C5440202	EG031004	3' x 10', Charcoal	1/ea.
C5440203	EG040604	4' x 6', Charcoal	1/ea.
C5440205	EG030508	3' x 5', Green	1/ea.
C5440206	EG031008	3' x 10', Green	1/ea.
C5440207	EG040608	4' x 6', Green	1/ea.

E. FLEX STEP ANTI-FATIGUE MATTING MILLENNIUM MAT

Reduces fatigue and discomfort while increasing productivity. Air domes offer flexible and comfortable support, and low-profile beveled edges reduce the risk of tripping. Accepted by the American Podiatric Medical Association. Certified slip-resistant by the National Floor Safety Institute.

C5440300	24020300	2' x 3', Black	1/ea.
C5440301	24030500	3' x 5', Black	1/ea.

CERTIFYING ORGANIZATIONS

When customers ask questions about green products, they expect their distributors will make sure the products they offer are certified by a credible organization. Going green is offering products that have been certified as environmentally preferable by an independent third-party. Nationally, there are dozens of organizations that set standards or certify products, but only a select few are accepted by the majority.

GREEN SEAL® is a 20-year-old, non-profit organization (established in 1989) that has become the largest ecolabeling organization in the country. Green Seal® uses a multi-attribute system to certify products, looking at the entire life cycle of a product from the raw materials used to make it, to determine whether it is recyclable or disposable. The product standards it has developed were created with input from public, industry, academia and government agencies. Further, these standards must meet U.S. Environmental Protection Agency (EPA), International Standards Organization (ISO) and other third party certifier requirements. Green Seal® funding comes from foundations, and application and certification fees. They have no affiliation with any government program, and do not accept donations from manufacturers.

Green Seal® has always certified products, and has now begun certifying cleaning services by awarding their Environmental Standard for Cleaning Services (GS-42). To qualify a building, the service contractor must use green chemicals and equipment, implement green cleaning procedures, provide employee training, communicate with building owners and occupants and establish a building-specific green cleaning plan. GS-42 can be used for certification and verification. It provides incentive to service providers who can advertise themselves as green-certified and serve as a reliable tool for purchasers to determine which service providers are environmentally responsible.

ECOLOGO™ was founded in 1988 by the Canadian government, and now operates as part of the environmental marketing firm Terra Choice. EcoLogo™ sets environmental criteria and Terra Choice helps market products with EcoLogos™. There are 200 product categories EcoLogo™ certifies. Their advisory board, which develops and updates criteria, consists of environmental advocates, consumer groups, professional purchasers, regulators, industry and environmental academia. Standards are based on International Standard Organization (ISO) 9000 (quality management) and 14000 (environmental aspects) series.

EcoLogo™ is what ISO calls a Type One ecolabel, meaning it is life-cycle based and multi-attribute. They consider energy, toxins and other factors that represent potential environmental impact of the product.

Their newest certification is for disinfectant cleaners (CCD-166). Disinfectants, as a category, have definite environmental disadvantages which have kept groups from certifying them as green. However, the EcoLogo™ emblem will not appear on disinfectants as the EPA prohibits such products from being labeled or marketed as green, but building service contractors can use products that qualify under CCD-166 when facility managers require disinfectants have a green certification.

Also new from EcoLogo™ is a program of reduced scrutiny for cleaning formulations made with ingredients listed on the CleanGredients™ database maintained by the EPA and the Green-Blue Institute. The change means products that use ingredients in the database are not retested before certification.

GREENGUARD Environmental Institute (GEI)'s mission is to improve indoor air quality. Originally focused on building products and materials (flooring, furniture, air filters and paints), GEI in 2006 entered into a partnership with JohnsonDiversey, whose products were the first to be Greenguard-certified. The Greenguard Certification Program for Cleaners and Cleaning Systems was developed from their other standards as well as on criteria developed by the EPA and Centers for Disease Control and Prevention (CDC).

GEI's cleaning certifications have two levels – Greenguard and Greenguard for Children and Schools – the latter includes not just GEI's rigorous set of standards, but recognizes that different building types have different needs.

Greenguard analyzes a product's tangible effect on air quality. Their third-party test lab uses a chemical in a controlled environment, and then samples the air to determine what and how much the product emits into the air after application. Chemical emissions from cleaning products are measured relative to their effect on indoor air quality. The program covers everything from general cleaners to institutional cleaning systems, aerosol products and toilet cleaners.

GREEN LABEL is the certification from the Carpet and Rug Institute (CRI). Their original (1992) testing program focused on new carpeting, and in 2000 the organization introduced the CRI Green Label Vacuum Cleaner Testing Program. This standard tests how well a vacuum removes soil and contains it within the vacuum without spewing back into the environment. The CRI then developed a Seal of Approval testing program for cleaning solutions (spot removers, pre-sprays and in-tank products) and deep-cleaning extractors that meet high performance standards. CRI also has a program for building service contractors; those who use extractors and chemicals with their SOA certification are allowed to display an SOA Service Provider decal.

LEED-EXISTING BUILDINGS is the Leadership in Energy and Environmental Design-Existing Buildings, a U.S. Green Building Council program, LEED - Existing Buildings does not certify products or processes as green; rather, they have a program that lists 80 possible points a building must earn to receive certification. Twelve of these points are obtained through cleaning products or practices that are green.

Buildings are reviewed by a LEED - Existing Buildings in-house review team and a group of U.S. Green Building Council-trained consultants, and if they meet the standards, recognition is awarded.

GREENSTAR CERTIFIED began in 2005 after a review of existing ecolabeling programs, such as the Environmental Choice Program, Nordic Ecolabeling's Swan Program and the Australian Environmental Labeling Association's Environmental Choice was completed by the Greenstar Certified staff. This led to the development of a product labeling and certification program that included a certification process, regulations, standards and application instructions titled GCCP01. The GCCP01 standards are posted on the Greenstar Certified Web site, "<http://www.greenstarcertified.org>"

ENVIRONMENTALLY PREFERRED RATING is a pilot program developed by the California Film Extruders and Converters Association. It is the first environmental accreditation for the plastics industry and focuses on the operations of plastic processor facilities. Environmentally Preferred Rating uses an oversight committee made up of members from the printing, colorants/additives, recycled resins, technology, manufacturing and science/academia sectors. The committee establishes standards, revises their program and discusses issues during the auditing process.

OTHER GREEN STANDARDS ORGANIZATIONS

DESIGN FOR THE ENVIRONMENT is the U.S. government's vehicle for the promotion of green practices. Working under the Office of Pollution Prevention and Toxics (an office of the EPA) the DfE Formulator program addresses cleaning products. However, the DfE does not offer certifications; rather they create "partnerships" with companies that commit voluntarily to incorporate environmental considerations into their design processes. Manufacturers submit a product's entire chemical formulation to DfE, and the program uses a group of EPA aquatic toxicity experts, human health experts and green chemistry experts to review a breakdown of the product as prepared by a qualified third-party. If the company's product is deemed green, DfE enters into a "partnership" with the manufacturer.

Also under their sponsorship is the CleanGredient™ database. This online subscription service provides a database of institutional and industrial cleaning ingredients that feature green formulations. At this time, the database includes surfactants for hard surface and carpet cleaning, laundry and hand dish soaps. DfE is adding solvents, fragrances and colorants as well.

GREENBLUE is another non-profit organization working with industry coalitions to develop tools and practices. They work closely with the Design for the Environment (DfE) to maintain the CleanGredient™ database – which is a one-stop shop of ingredients for green formulations.

HOSPITALS FOR A HEALTHY ENVIRONMENT is an organization that released a document titled "10 Step Guide To Green Cleaning Implementation" that outlines steps hospitals can take to green their operations. As healthcare must focus on maintaining infection control standards and high levels of hygiene (and there are no green-certified disinfectants), Hospitals for a Healthy Environment promotes the use of green-certified products in other areas, such as glass cleaners, floor strippers, vacuum cleaners and filters and other products that do not deal with the areas of disinfection or infection control.

HEALTHY SCHOOLS CAMPAIGN released its "Quick and Easy Guide to Green Cleaning In Schools" as a national initiative to change the way schools clean. It outlines five steps a school can take to establish a green-cleaning program. Healthy Schools Campaign does not certify products or processes but relies on others, such as Green Seal®, EcoLogo™, CRI's Green Label Program and EPA standards. They take a "holistic" approach to greening schools and search for comprehensive standards that apply to a number of products.

Paging through a document

You can navigate in Adobe PDF documents by paging through them and by using links, bookmarks and thumbnail pages. You can also retrace your steps to return to where you started.

Clicking on a product in the Index will take you to the page(s) where that item is located in the PDF. To return to the index you can choose Go to Previous View (F.) or use the Keyboard Shortcut Alt+Left Arrow.

Navigation Controls

A. First Page **B.** Previous Page **C.** Current Page **D.** Next Page **E.** Last Page **F.** Previous View **G.** Next View

Keyword Search

Activates the Find command to find a complete word/part # or part of a word/part#.

Please note that in newer versions of Reader the Find command does not launch a dialogue box, but instead activates the Find toolbar.

Navigating with Links:

Clicking a link in a PDF is like clicking a link on a website. To follow a link:

Select the hand tool , a zoom tool , or a selection tool .

Position the pointer over the item until it changes to a pointing finger hand  and click.

Magnifying and Reducing the Page View

The toolbar and status bar offer several methods for magnifying your view.

A. Zoom Tools **B.** Fit Page **C.** Fit Width **D.** Zoom Out **E.** Choose Zoom Level **F.** Zoom In

If you magnify a page to a size larger than the window, use the hand tool to move the page around.

For Further Information Use the Help Menu Found in the Acrobat Reader Program
